## **CONDITIONAL USE PERMIT APPLICATION**

**What is a Conditional Use?** A conditional use is a land use or development that would not be appropriate generally but may be allowed with appropriate controls upon a finding that certain conditions as detailed in the Town Zoning Ordinance exist.

**When is a Conditional Use Necessary?** A conditional use is necessary when a landowner wishes to use his/her property in a way that may affect the public through increased use, appearance, hours of operation, lighting, environmental hazards, etc. Some examples of conditional uses are: non-residential storage buildings, home occupations, duplexes, etc.

**Who decides if I will get a Conditional Use Permit?** The decision is made by the Board of Trustee based on the recommendations of the Planning Commission. No conditional use shall be recommended by the Planning Commission or granted by the Board of Trustees unless the Commission or Board find:

- The conditional use will not harm the use and enjoyment of other property or diminish or impair values of immediate vicinity;
- The conditional use will not impede the normal, orderly development and improvement of surrounding vacant land;
- That adequate utilities, roadways, off-street parking and loading are provided;
- That adequate measures have been taken to prevent or control offensive odor, fumes, dust, noise, and vibrations, so none of these will constitute a nuisance;
- That soil erosion will be prevented;
- That visibility of structures and facilities as viewed from public waters will be limited.
